

PRACTICAL, PERSONAL & RESPONSIVE  
**HIGHER EDUCATION**

MONROE COUNTY COMMUNITY COLLEGE 2011/2012 ANNUAL REPORT TO THE COMMUNITY

# A MESSAGE FROM THE PRESIDENT

**As I reflect back on my ninth year as Monroe Community College's fourth president, my first thoughts immediately turn to how fortunate I am to work at such a great college.**

MCCC continues to provide so many opportunities for our county's residents to advance – and often reshape – their careers during these difficult economic times. The college is working diligently with local business and industry leaders to provide the highly skilled employees they need to compete – now and in the future. And MCCC contributes so very much

to the cultural vibrancy of our community. As you read the 2011-2012 Annual Report, you will see why we selected the words "Practical, Personal and Responsive Higher Education" to define Monroe Community College's accomplishments in the past year. Highlights of those accomplishments follow.

- MCCC broke ground on the new Career Technology Center, a facility that will help transform Monroe County's workforce through hands-on instruction and access to cutting-edge equipment and technology.
- The first cohort of the new nuclear engineering technology program – launched in partnership with DTE Energy – was filled to capacity, as was every certificate and associate degree program offered by the Health Sciences Division.
- Three new areas of study were introduced: information assurance and security, renewable energy and non-destructive testing.

- Officials marked the opening of the Welding Center of Expertise at the former Pump Engineering, Inc. facility in Frenchtown Township.
- Eight outstanding scholars from MCCC were inducted into the Ethos Honor Society at Eastern Michigan University.
- MCCC made the U.S. Department of Education's list of public two-year colleges with the lowest average net prices in the nation.
- The Institutional Governance Committee spearheaded the implementation of a plan to improve shared governance and employee communication at MCCC, including the pilot of a new council model of shared decision-making.

- The college celebrated the 20th anniversary of the opening of the Whitman Center in Temperance.
- The Commission on Accreditation for Respiratory Care awarded MCCC's respiratory therapy program continued accreditation status for the maximum period of 10 years.
- MCCC successfully completed the Higher Learning Commission's Academy for the Assessment of Student Learning. The HLC is the college's accrediting organization.
- State Rep. Dale Zorn sponsored a town hall meeting at MCCC by Gov. Rick Snyder.

I invite you to turn the page to find out more about how MCCC provided practical, personal and responsive higher education to its students and the community in 2011-12.

David E. Nixon, Ed.D.  
President

# RESPONDING TO A CHANGING JOB LANDSCAPE

As Michigan's economy continues to transition into high-demand, high-growth sectors, it requires an educated and well-trained workforce. Through its responsiveness to the needs of business and industry, **Monroe County Community College** is playing a critical role in our community's efforts to attract new investment and jobs.

## **CONSTRUCTION BEGINS ON CAREER TECHNOLOGY CENTER**

Construction officially began in May on the [\\$17-million Career Technology Center](#) at Monroe County Community College. Monroe native and WJR-AM (760) radio anchor Paul W. Smith hosted a special edition of his morning news and talk show live from the college and then served as master of ceremonies for the official groundbreaking for the 60,000-square foot facility. The Career Technology Center, which is being built next to the Life Sciences Building, will open in August 2013 and provide infrastructure to support state-of-the-art classrooms and lab space required to

deliver instruction and skills necessary to secure [high-growth, high-demand and high-paying jobs](#). It will allow for the updating and expansion of existing program areas such as nuclear engineering, welding, construction, computer-aided drafting and manufacturing, electronics, mechanical engineering and automation, quality assurance, and automotive engineering and service with an emphasis on hybrid and battery technology.

In addition, the Career Technology Center will provide facilities and equipment necessary for the development of programs in the emerging areas of advanced manufacturing; renewable energies such as wind, solar and fuel cell technology; and sustainable and green technologies.

A combination of sustainable systems has been integrated into the design of the facility that will be incorporated into the curriculum. The building will serve as a learning laboratory for students in industrial technology fields.

### CHAFFIN NAMED CHAIRMAN OF CAMPAIGN TO 'POWER THE WORKFORCE OF TOMORROW'

In December 2011, H. Douglas Chaffin, president and CEO of Monroe Bank & Trust, was named chairman of the [Career Technology Center Capital Campaign](#), which is entitled "Realizing the Vision: Powering the Workforce of Tomorrow."

Dr. Ronald Campbell, first vice chair of The Foundation at MCCC and MCCC's first president, was named honorary chairman for the CTC Capital Campaign.

Chaffin has assembled and deployed the campaign leadership team, volunteers and staff resources needed to support the construction and operation of the Career Technology Center. Similar to the capital campaign in 2003 to support the construction and operation of the La-Z-Boy Center, this campaign is organized by The Foundation at MCCC. The

State of Michigan is financing half the cost of construction. The college has committed to funding the other half through existing funds and fundraising efforts.

### LA-Z-BOY FOUNDATION DONATES \$500,000 TOWARD CAREER TECHNOLOGY CENTER

At the conclusion of a June town hall meeting at MCCC featuring [Gov. Rick Snyder](#), the La-Z-Boy Foundation announced a donation of \$500,000 to the Career Technology Center Capital Campaign. Kurt Darrow, president and CEO of La-Z-Boy Incorporated, said the Monroe-based furniture maker was continuing its tradition of supporting the MCCC mission.

### FIRST NUCLEAR ENGINEERING TECHNOLOGY COHORT FILLED

The first cohort of MCCC's new nuclear engineering technology program – launched in partnership with DTE Energy – was filled to capacity last year. MCCC and DTE Energy aligned the program with the initial training programs offered by DTE Energy and accredited by the National Nuclear Accrediting Board. This alignment facilitates the transitioning of graduates into the nuclear energy industry utility training programs in accordance with the requirements of the Uniform Curriculum Guide for Nuclear Power Plant Technician, Maintenance and Nonlicensed Operations Personnel Associate Degree Programs, as developed by NEI.

### CULINARY PROGRAM INTRODUCES NEW FOOD DESIGN COURSE AND COOKING SYSTEM

A new course was added to the culinary skills and management curriculum last year: Contemporary Food Design and Architecture. In support of this course and others, an investment in a Sous Vide Cooking system was made so the students will now have exposure to one of the newest cooking techniques in the industry. In addition, the culinary program kitchen on the west side of the Audrey M. Warrick Student Services/Administration Building was outfitted with new freezers and coolers and a new serving/prep station.

### THREE NEW AREAS OF STUDY OFFERED AT MCCC

MCCC introduced three new areas of study last year:

- The associate of applied science degree in computer information systems with a program designation of information assurance specialist is designed to provide an opportunity for students to acquire the foundational skills needed for an entry-level position supporting corporate security operations.
- Renewable energy certificate programs in wind and solar energy concentrate on the basic core courses with skill development and job upgrading being the primary objectives.
- The certificate program in non-destructive testing is designed to apply the concepts of inspection, testing or evaluation of materials, components and assemblies for materials' discontinuities, properties and machine problems without further impairing or destroying the parts' serviceability.

### RIBBON CUT ON WELDING CENTER; FACILITY DONOR NAMED 'COLLEGE SUPPORTER OF THE YEAR'

In October 2011, officials marked the opening of the Monroe County Community College [Welding Center of Expertise](#), located in a newly renovated facility in Frenchtown

Township. A metal ribbon, fabricated by MCCC welding student Curt Connor, was torch-cut to ceremonially mark the opening of the facility.

The facility is the former site of Pump Engineering, Inc. In 2010, the company donated it to The Foundation at MCCC. The college used part of a \$1.7-million U.S. Department of Labor Community-Based Job Training Grant awarded in 2009 to convert the building into a state-of-the-art, cross-categorical welding skills laboratory. The remaining grant funds have been used to offer accelerated courses to prepare students for the American Welding Society's QC10 and QC11 certifications.

The board members of Pump Engineering LLC, Pump Engineering Parent Inc. and Hurd Road Property Inc., along with their respective shareholders, were collectively named MCCC's College Supporter of the Year at the Business and Industry Luncheon in May.

### **NEW PRODUCT AND PROCESS TECHNOLOGY AGREEMENT ALLOWS STUDENTS TO TRANSFER UP TO 101 CREDITS TO EMU**

MCCC and Eastern Michigan University signed an articulation agreement last year that allows a product and process technology student at MCCC to transfer up to 101 credits toward a bachelor's degree at EMU. Under the terms of the agreement, after completing the MCCC portion of the curriculum, a student can take as few as 39 credit hours at EMU and earn a bachelor of science in product design and development. Prior to that, the student would earn an associate of applied science in product and process technology from MCCC.

### **FOUR-YEAR COMMUNICATION DEGREE FROM SHU OFFERED ON MCCC CAMPUS**

At a news conference in April, MCCC President Dr. David Nixon and Siena Heights University President Sister Peg Albert announced that students at MCCC can now earn a bachelor of arts in [professional communication from SHU right on the MCCC campus](#). The new program is offered through the SHU Degree Completion Center, which is located in the Life Sciences Building.

### **HEALTH SCIENCES PROGRAMS AT FULL CAPACITY**

In fall 2011, every certificate and associate degree program offered by the Health Sciences Division was filled to capacity, including nursing, practical nursing, respiratory therapy, phlebotomy and certified nursing assistant.

### **CONNECTING STUDENTS, GRADUATES AND RESIDENTS WITH POTENTIAL EMPLOYERS**

The Office of Workforce Development launched a new Web site in 2011 to assist students, alumni and residents in accessing employment and employers in finding qualified applicants from among MCCC students and graduates. Just prior to the end of the 2011-12 fiscal year in June, the number of registered users of the Workforce Development Employment Services Web site topped 2,200, including 467 employers.

The Office of Workforce Development put on the second-annual MCCC Career and Opportunity Expo in April, which, in addition to highlighting employment opportunities for the community, specifically focused on available resources for our returning service members.

# PRACTICAL, PERSONAL LEARNING

MCCC provides students with hands-on, personal mentorship from dedicated faculty who have extensive experience both in and outside the classroom. Students graduate with the knowledge they need to succeed and the ability to apply this knowledge in the real world.

## **CULINARY STUDENTS GATHER AND PREPARE LOCAL, ORGANIC FOOD FOR SUSTAINABLE LIVING EVENT**

Sophomore culinary students gathered and prepared a bounty of organic food from local farmers and area markets for a sustainable living event at MCCC sponsored by the River Raisin Institute. The event, "GATHERING: People, Their Minds and Their Fields," was a social, educational and fundraising opportunity for people interested in sustainability awareness, ecological restoration and sustainable living.

## **SME CLUB HOSTS WORLD CHAMPIONSHIP-QUALIFYING ROBOTICS COMPETITION**

MCCC's Society of Manufacturing Engineers/Robotics Club hosted a world championship-qualifying high school robotics competition in February. Held in the Gerald Welch Health Education Building, this VEX Robotics Competition event featured student teams aiming to build the most innovative robots possible.

## **INNOVATIVE PROJECTS THAT ENHANCE THE EDUCATIONAL EXPERIENCE**

The Foundation at MCCC's Enhancement Grant Program provides funding for the development and implementation of innovative learning projects that support the MCCC mission and enrich or improve the quality of education for students. The funded grant projects for 2012 and their recipients included:

- **Family Fun Night**, Tom Ryder, campus community events/student activities coordinator
- **The Humanities Experience**, Cheryl Johnston, assistant professor of reading and English, and Dr. William McCloskey, professor of English
- **Campus Sustainability Project: Outdoor Recycling**, Kelly DeNunzio, administrative assistant to the director of the physical plant
- **Campus Sustainability Project: Indoor Recycling**, Kelly DeNunzio, administrative assistant to the director of the physical plant
- **Michigan Nursing Student Association Annual Conference**, Elizabeth Wright, nursing student
- **Enrichment at the Whitman Center**, Sandy Kosmyrna, former director of the Whitman Center
- **MCCC Viticulture and Enology Project**, Chef Kevin Thomas, instructor of culinary skills

- **Sign for Success**, applicant Julie Billmaier, assistant to the director of admissions and guidance services
- **Michigan Society for Respiratory Care's Annual Sputum Bowl Trivia Contest**, Bonnie Boggs, director of respiratory therapy
- **One Book, One Community of Monroe County – Guest Speaker and Author Harriet Reisen**, Cheryl Johnston, assistant professor of reading and English, and Carrie Nartker, assistant professor of English
- **International Relations Class Trip to the UN and Ground Zero Memorial**, Dr. Joanna Sabo, professor of political science
- **National College Media Spring Convention**, Dan Shaw, assistant professor of humanities and journalism
- **Explore the Geology and Ecology of the Northern Coast of California**, Lori Bean, associate professor of biology and chemistry
- **National Student Day**, Jean Ford, director of auxiliary services and purchasing, and Kelli Plumb, administrative assistant to the director of auxiliary services and purchasing
- **Tour of International Machine Tool Show**, Martin Dubois, assistant professor of mechanical engineering technology, and Peter Coomar, dean of the Industrial Technology Division
- **ETHOS Week Reception and Luncheon for Outstanding Business Students**, Dr. Patrick Nedry, professor of business
- **Gay/Straight Alliance – Ally “Lunchboxes,”** Amanda Bennett, former coordinator of annual giving and alumni affairs

## HONORING EARTH WEEK

In honor of Earth Week, the Math and Science Society hosted a free presentation at the La-Z-Boy Center by Dr. John Hartig, manager of the Detroit River International Wildlife Refuge, who discussed his award-winning book, “Burning Rivers: Revival of Four Urban-Industrial Rivers that Caught on Fire.” The book was a 2011 Green Book Festival winner in the scientific category. The Math and Science Society is advised by MCCC faculty members Lori Bean, James Vallade and Patrick Wise.

## EIGHT MCCC STUDENTS INDUCTED INTO ETHOS HONOR SOCIETY AT EMU

Eight outstanding business management scholars from MCCC were inducted into the Ethos Honor Society at Eastern Michigan University. The students – Suzanne Stevens, Ashley Bugg, Samantha Ford, Alaric Coury, Jennifer O’Dell, Rachel Riffle, Jessica Gossard and Corrie Sloan – were guests of EMU’s College of Business during Ethos Week, which occurs each March with the purpose of promoting business ethics and furthering ethics education. The students were accompanied to Ethos Week events by members of the MCCC business faculty, including Dr. Patrick Nedry, David Reiman and Wendy Wysocki.

# ACCESSIBLE AND FLEXIBLE

Since its founding in 1964, MCCC has been here for people from all walks of life who are pursuing their dreams through higher education. The key is our ability to remain accessible and flexible to the needs of the individual student.

## BOOKSTORE LAUNCHES TEXTBOOK RENTAL PROGRAM

The MCCC Bookstore launched a textbook rental program last year. By partnering with textbook company Follett, students are now able to access the rental site directly from the MCCC Web site. At the end of the semester, rentals are returned directly to Follett. This new service gives students a very economical option for acquiring textbooks, as rentals are the best choice for the lowest up-front cost. During the Winter Semester, the Bookstore processed more than 250 rentals.

## MCCC'S NET PRICE AMONG LOWEST IN U.S.

The U.S. Department of Education released data last year regarding college affordability, and Monroe County Community College made the list of public two-year colleges with the [lowest average net prices in the nation](#). The average net price is the total cost of attendance after grant and scholarship aid is deducted. The study was based on 2008-09 tuition figures that placed MCCC's average net yearly price per full-time student at less than \$3,000, a figure that makes it more affordable than about 90 percent of public, two-year colleges in the nation.

## 'SERVING THOSE WHO SERVE' PROGRAM FOCUSES ON ASSISTING VETERANS

Colonel David W. Sutherland, special assistant to the Joint Chiefs of Staff with principal focus on Wounded Warrior and Family programs at the Pentagon, was the keynote speaker at a day of programming at MCCC for veterans and the health care and social services professionals who serve them. The program, which took place in October 2011, was presented by Mercy Memorial Hospice of Monroe and sponsored by MCCC and the Hospice Education Institute.

### **EMERGENCY STATE FUNDING KEEPS LEARNING BANK NETWORK DOORS OPEN**

After fending off closure month by month via donations, the Monroe County Learning Bank Network was awarded a \$50,000 grant from the State of Michigan in March to [sustain operations through the end of the fiscal year](#). Located in Monroe’s Orchard East neighborhood, the Learning Bank Network prepares adult learners with the basic skills needed to achieve a college education. The Learning Bank Network’s funding had been in question since September when state funding was exhausted. A patchwork of funding from network partners, local service organizations, foundations and the community sustained it while other funding sources were sought.

### **WHITMAN CENTER CELEBRATES 20 YEARS OF SERVICE**

Twenty years after Monroe County Community College opened the Whitman Center in Temperance, the facility remains a convenient place for students in southern Monroe

County, southeastern Lenawee County and northern Lucas County to pursue higher education. In [celebration of this milestone](#) in October, the center hosted a reception featuring refreshments and entertainment that was attended by more than 100 people and was featured in a front-page story in the Bedford Now.

### **SHELL FOUNDATION PRESENTS MCCC WITH \$100,000 AWARD TO ASSIST STUDENTS WITH FINANCIAL NEED**

In fall 2011, the Charles E. Schell Foundation, Fifth Third Bank Trustee, presented an award of \$100,000 to Monroe County Community College to establish a revolving loan fund to provide [interest-free educational assistance loans to students attending the college](#). The loans are awarded by MCCC to students who might otherwise be unable to complete their education.

### **NATIONAL STUDENT DAY ACTIVITIES HELD**

MCCC hosted the first-annual National Student Day on October 6, 2011 – a day dedicated to celebrating student volunteerism and social responsibility. The Bookstore hosted the event with help from Student Government and the Learning Assistance Lab.

# MILESTONES, PARTNERSHIPS AND EVENTS

As a student- and community-focused institution, MCCC strives to make life more meaningful and rewarding for everyone we serve. However, this effort is never the product of a singular act; rather, it is the result of many people working together to support the events and partnerships that help us to fulfill our mission of “enriching lives.”

## IMPROVING SHARED GOVERNANCE AND COMMUNICATION: NEW COUNCIL MODEL PILOTED

Based on recommendations from the CLARUS Corporation, a “Working Tactical Implementation Plan for Reinventing Shared Governance and Employee Communication” was developed last year by the college’s Institutional Governance Committee, which is chaired by Penny Dorcey-Naber, administrative assistant to the dean of humanities/social sciences. Implementation of the plan began last year and will continue throughout 2012-13.

One of the major actions that resulted from the plan was a pilot launch in the spring of [a new council model of governance](#) that allows for joint decision-making and appropriately vets recommendations across the organization. Prior to the launch of the pilot, which will run through June 2013, all employee groups each met twice to review and provide feedback on the model as part of sessions to review the entire Working Tactical Implementation Plan.

Members of the IGC subcommittee that developed the council model of governance and accompanying manual included Dr. Grace Yackee, vice president of instruction, who chaired the committee; Randy Daniels, vice president of student and information services; Dr. Patrick Nedry, professor of business; Joe Verkennes, director of marketing; and Suzanne Wetzal, vice president of administration.

### **RESPIRATORY THERAPY PROGRAM AWARDED MAXIMUM ACCREDITATION**

The Commission on Accreditation for Respiratory Care voted in March to award MCCC's respiratory therapy program continued accreditation status for the maximum period of 10 years. The commission's action was based on the recommendation of its evaluation team, which performed a comprehensive, on-site program review over two days in January.

### **'ENRICHING LIVES: THAT'S OUR MISSION'**

In June, MCCC launched a new advertising campaign that was developed almost entirely in house by the Marketing Department. The campaign includes outdoor, radio, print and online advertising. It focuses on MCCC's brand and mission while also keying in on specific messages such as low tuition, new programs, scholarships, transferability of credits and more. The campaign is being replicated throughout all other college marketing mediums.

### **AN ECLECTIC LINEUP OF EVENTS FOR THE COMMUNITY**

In 2011-12, MCCC hosted a diverse lineup of comedic, musical and theatrical performances, as well as cultural and community events, including:

- The 25th Anniversary MCCC Auto Show
- The Tango Tea
- Agora Chorale and College/Community Symphony Band Concerts
- "A Grand Night for Singing"
- The Grascals
- Saline Fiddlers
- Two and a Half Comics, featuring Bart Rockett and Scott Wood
- Late Nite Catechism 3
- Atlanta Rhythm Section
- Collin Raye
- The 25th Anniversary Black History Month Blues Series Concert
- Badfinger, The Outsiders, Climax and Special Guest Otis Day
- Henry and Mudge
- The MCCC Inside Out Dance Ensemble's "Keepin' it Live"
- Antiques in April
- The Relish Magazine Cooking Show

## WHITMAN CENTER HOSTS FULL SLATE OF COMMUNITY ENRICHMENT PROGRAMS

Throughout the academic year, the Whitman Center in Temperance hosted community enrichment presentations and displays on a wide variety of topics, including:

- Water, soil and material conservation
- Contributions of women in the field of aviation
- U.S. space exploration
- The history of mental health in the U.S.
- Memorializing forgotten psychiatric patients
- [The Toledo State Hospital Cemetery Reclamation Project](#)
- The history of baseball as America's Pastime
- Youth Art Month
- Art appreciation

## A NIGHT OF FAMILY FUN

In April, Student Government hosted Family Fun Night in the Gerald Welch Health Education Building. More than 700 children and adults attended this event, which is open to all members of the community and provides an inexpensive alternative to a family night out. There were various carnival-type games, prizes, refreshments, a magician, face painting, family photos and more. Kids' Safety IDs were provided by Farmers Insurance Group, Scott Smith Agency.

## COMMENCEMENT CEREMONY BROADCAST LIVE; BARRON NAMED ALUMNUS OF THE YEAR

The MCCC Commencement Ceremony in April was broadcast live in the La-Z-Boy Center, Meyer Theater, as well as on several cable channels that serve Monroe County. The broadcast was handled by the Monroe County Intermediate School District's Professional Development Center. The ISD's Jeremy Knoff – who is also part-time technical assistant at MCCC – served as producer.

During the ceremony, the 2012 Alumnus of the Year Award was presented to Alan Barron, a 1976 MCCC graduate who has served on the MCCC Alumni Association Board of Directors since 2008 and has been its chair for the past three years. Barron is also a member of The Foundation at MCCC's Board of Directors and volunteers his time and talent in support of the college and its activities and events.

## TRADITIONAL POW-WOW HELD ON MCCC CAMPUS

In June, the Turtle Island Dream Keepers Native American Organization hosted the Monroe County [Traditional Pow-Wow](#) on the campus of Monroe County Community College. Most of the activities took place in and around the Gerald Welch Health Education Building. A pow-wow is the oldest celebration in North America and Canada, and this was the first one in the Monroe area in nearly two centuries.

WELCOME TO THE  
*45<sup>th</sup> Annual Commencement*  
AT MONROE COUNTY COMMUNITY COLLEGE  
ON APRIL 27<sup>th</sup>  
2012

### MCCC HONORS EXCELLENCE

At Honors Night in April, Dr. William McCloskey, professor of English, received the Outstanding Faculty Award. The Outstanding Adjunct Faculty Award went to Dr. Patricia Eason, who teaches in the Health Sciences Division. Travis Trombley received the Faculty Association Outstanding Student Award.

### MCCC COMPLETES ACADEMY FOR THE ASSESSMENT OF STUDENT LEARNING

The Higher Learning Commission, Monroe County Community College's accrediting organization, formally acknowledged the college in June for its successful completion of the Academy for the Assessment of Student Learning. The project included total review of general education learning outcomes, development of general education competencies and learning objectives, as well as development of rubrics to measure student achievement of learning outcomes. Members of the MCCC HLC Academy team included Dr. Grace Yackee, vice president of instruction; Bonnie Giles, former assistant professor of business; Paul Knollman, dean of the Business Division; Dr. Terri Kovach, professor, reference/technical services librarian; and Dr. William McCloskey, professor of English (faculty assessment coordinator).

### LINKING COMMUNITY MEMBERS THROUGH READING

One Book, One Community of Monroe County featured a full slate of events throughout the county that ran during March and early April. The featured novel was "March" by Geraldine Brooks, which tells the story of John March, the absent father in Louisa May Alcott's classic novel, "Little Women."

Modeled after a program developed by the American Library Association and coordinated by humanities faculty members Cheryl Johnston and Carrie Nartker, One Book, One Community promotes the value of reading by recommending a compelling book that links community members in a common conversation through readings, group discussions, programs and other events. Major sponsors included MCCC, The Foundation at MCCC, the Monroe County Library System and the Monroe Publishing Company – Monroe Evening News.

### GOVERNOR HOLDS TOWN HALL AT MCCC

Michigan Gov. Rick Snyder discussed the need for a new bridge to Canada and fielded questions about pension, tax, health care and education reform during a [town hall meeting](#) held in June at the La-Z-Boy Center, Meyer Theater. Audience members submitted questions on cards that were read by State Rep. Dale Zorn, who sponsored the governor's visit, and Dr. David Nixon, MCCC president.

# GIVING TO THE FOUNDATION

Listed here are the individuals, corporations and organizations who have given annual gifts to The Foundation at Monroe County Community College between July 1, 2011 and June 30, 2012.

All annual gifts are recognized for this specific financial year in the appropriate giving level. Cumulative gifts – a total of all gifts given over time – are recognized separately according to giving level, beginning with the Trustee's Society.

We are pleased to recognize the support of each of our donors. We've made a great effort to ensure the accuracy of this list; therefore, we regret any omissions or errors. Please notify us in writing of any concerns.

## Cumulative Donors

### PLATINUM \$1,000,000+

La-Z-Boy Foundation  
Mrs. Shirley A. Meyer

### SILVER \$100,000+

Mr. Eugene W. Beach and Mrs. Helen M. Beach  
Mr. Leo R. Boudinet
