GENERAL REQUIREMENTS FOR GRADUATION

Upon successful completion of an approved plan of study and provided the following requirements have been fulfilled, the student will be awarded an associate degree from Monroe County Community College:

- The student must earn a minimum of 60 semester hours of credit, 20 of which must be earned at Monroe County Community College.
- The student must attain a cumulative grade point average of “C” or higher (2.000 or higher on a 4.000 scale) at graduation.
- The student must meet the general education requirements for his or her program of study – as specified in the Monroe County Community College catalog – under which the student has applied for graduation.
- The student may fulfill requirements for graduation using any Monroe County Community College catalog published during their period of attendance, with the limitation that no student may use a catalog more than 10 years old at the time of graduation. Exceptions may be considered by the appropriate administrator.

Requirements for Graduation from a Certificate Program

The student must attain a grade point average of “C” or higher (2.000 or higher on a 4.000 scale) at graduation in the course work required for the certificate. Students who enrolled in certificate programs of substantial length (45 or more semester hours) for the first time in Fall 2002 must meet the general education requirements as specified in the 2002-2003 or a subsequent Monroe County Community College catalog.

SECOND DEGREE

To earn a second associate degree from Monroe County Community College, the student must complete 20 semester hours in a specific subject area beyond the requirements of the first associate degree.

ABOUT MCCC DEGREES AND PROGRAMS

Any MCCC degree may be earned by fulfilling the general requirements and the requirements specific to the individual degree (AS, AA, AAS, AFA). This type of degree is called an undesignated degree and appears on the transcript as the degree only. In addition to earning the specific degree, students who complete one of the occupational degree programs will have the program designation entered on their transcript along with the degree.

Specific program outlines which reflect a high level of specialization are listed elsewhere in this catalog. Deviation from degree requirements or from a specified program may be made only with approval of the division dean, the vice president of instruction or their designee.

GENERAL EDUCATION

General education unites students from diverse areas of study in the pursuit of knowledge that community college graduates should possess. At Monroe County Community College, general education courses are the foundation of each certificate program of substantial length (45 or more credit hours) and of each associate degree (60 or more credit hours). To earn a certificate of substantial length or an associate degree from MCCC, students must demonstrate competency in each of the five general education areas:

- Written Communication. Graduates will communicate ideas and information in writing using the rules of standard American English.
- Mathematics. Graduates will accurately apply appropriate mathematical approaches to the analysis and interpretation of numerical information.
- Social Science. Graduates will demonstrate understanding of social science concepts.
- Science. Graduates will demonstrate understanding of the processes of scientific inquiry.
- Computer Skills. Graduates will use computer technology to retrieve and communicate information. The competency may be demonstrated by successfully completing an approved course or by demonstrating competency on a designated examination.

Students must complete, at the minimum, the general education coursework or the standardized tests and skills assessments described below. Some degree programs require specific or additional general education courses.
**Written Communication**

Complete one course (three credits) from the following:
- ENGL 101 Written and Oral Communication
- ENGL 151 English Composition I

**Mathematics**

Complete one course from the following:
- Any MATH course numbered 092, 124 or higher
- BSMTH 101 Business Mathematics

**OR**

Achieve a satisfactory score on a standardized mathematics test.

**NOTE:** Students who meet the mathematics requirement by achieving a satisfactory standardized test score or by completing Math 092 do not receive academic credit and may need to earn additional credit to meet degree requirements.

**Social Science**

POLSC 151 Introduction to Political Science

**Science**

Complete one course (minimum of four credits) from the following:
- ASTRN 151 (Introduction to Astronomy)
- BIOL 151 (Biological Science I)
- BIOL 152 (Biological Science)
- BIOL 154 (Introduction to Environmental Science)
- BIOL 155 (Allied Health Anatomy and Physiology I)
- BIOL 157 (Anatomy and Physiology I)
- CHEM 150 (Fundamental Principles of Chemistry)
- CHEM 151 (General College Chemistry I)
- CHEM 160 (Fundamentals of Health Science Chemistry)
- ESC 151 (Earth Science)
- GEOG 151 (Elements of Physical Geography)
- PHY 101 (Technical Physics)
- PHY 151 (General Physics I)
- PHY 251 (Engineering Physics I)
- PHYSC 151 (Physical Science)

**Computer Skills**

Complete one course from the following:
- BMGT 160 Managing in the Digital Enterprise
- CIS 130 Introduction to Computer Information Systems
- MDTC 160 Mechanical Drafting and CAD I
- WPR 102 Word Processing I

**OR**

Achieve a satisfactory score on the Computer Skills Assessment.

**NOTE:** Students who meet the computer skills requirement by achieving a satisfactory skills assessment score do not receive academic credit and may need to earn additional credit to meet degree requirements.

---

**DEGREE REQUIREMENTS**

**Requirements for the Associate of Arts Degree (AA)**

To earn the associate of arts degree, the student must successfully complete courses from the following areas to meet the minimum general education distribution requirements:

**Written Communication** – 6 Semester Hours

To meet this distribution requirement, the student must successfully complete English 151 and one additional course selected from English 102, 152, 155 or 254.

**Mathematics and/or Science** – 8 Semester Hours

To meet this distribution requirement, the student must:

1. Successfully complete courses selected from two or more of the following subjects: Astronomy, biology, chemistry, earth science, mathematics, Geography 151, physical science or physics.
2. Pass the Mathematics Assessment or successfully complete at least three semester hours of mathematics from courses numbered MATH 124 or higher.

**Social Science** – 12 Semester Hours

To meet this distribution requirement, the student must successfully complete Political Science 151 and additional courses selected from two different subject areas listed below:

Anthropology, economics, geography (except Geography 151), history, political science (except Political Science 151), psychology, social work, sociology or criminal justice.

**Computer Skills**

To meet this distribution requirement, the student must successfully complete one course selected from BMGT 160, CIS 130, MDTC 160, WPR 102 or achieve a satisfactory score on the Computer Skills Assessment.

**Humanities** – 9 Semester Hours

To meet this distribution requirement, the student must successfully complete courses selected from two different subject areas listed below:

Art, communications, English (excluding English 101 and English courses taken to meet written communications requirements), humanities, journalism, music, philosophy, speech or theater.
Foreign Language – 8 Semester Hours
The student must successfully complete eight semester hours of one foreign language. Students with a minimum of four semesters of one foreign language in high school may petition the dean of humanities/social sciences for a waiver of one course (four credits) of this requirement. Students receiving waivers do not earn college credit and will need to earn additional hours to meet the 60-hour degree requirement.

*It is strongly recommended that students select a science course with a scheduled laboratory period.

Requirements for the Associate of Science Degree (AS)
To earn the associate of science degree, the student must successfully complete courses from the following areas to meet the minimum general education distribution requirements:

Written Communication – 6 Semester Hours
To meet this distribution requirement, the student must successfully complete English 151 and one additional course selected from English 102, 152, 155 or 254.

Mathematics and/or Science* – 8 Semester Hours
To meet this distribution requirement, the student must:
1. Successfully complete courses selected from two or more of the following subjects: Astronomy, biology, chemistry, earth science, mathematics, Geography 151, physical science or physics.
2. Pass the Mathematics Assessment or successfully complete at least three semester hours of mathematics from courses numbered MATH 124 or higher.

*It is strongly recommended that students select a science course with a scheduled laboratory period.

Social Science – 9 Semester Hours
To meet this distribution requirement, the student must successfully complete Political Science 151 and additional courses selected from two different subject areas listed below:
Anthropology, economics, geography (except 151), history, political science (except 151), psychology, social work, sociology or criminal justice.

Computer Skills
To meet this distribution requirement, the student must successfully complete one course selected from BMGT 160, CIS 130, MDTC 160, WPR 102 or WPR 110 or achieve a satisfactory score on the Computer Skills Assessment.

Humanities – 3 Semester Hours
To meet this distribution requirement, the student must successfully complete one course selected from the subjects listed below:
Art, communications, English (excluding 101 and English courses taken to meet written communication requirements), foreign language, humanities, journalism, music, philosophy, speech or theater.

*It is strongly recommended that students select a science course with a scheduled laboratory period.

Requirements for the Associate of Applied Science Degree (AAS)
To earn the associate of applied science degree, the student must successfully complete courses from the following areas to meet the minimum general education distribution requirements:

Written Communication – 3 Semester Hours
To meet this distribution requirement, the student must successfully complete English 101 or 151.

Mathematics *
To meet this distribution requirement, the student must successfully complete one MATH course numbered 092, 124 or higher or BSMTH 101 or achieve a satisfactory score on an achievement test.

BUSINESS DIVISION STUDENTS - Students completing business division programs may satisfy the 2013/14 GENERAL EDUCATION MATH requirement in one of the following ways (unless specified otherwise in the program course outline). It is encouraged that MATH be taken in the first semester.
1. Complete BSMTH 101 Business Mathematics
2. Complete MATH 092
3. Meet Competency for MATH 092 via COMPASS or ACT scores.

*Note: Students who meet the mathematics requirement by achieving a satisfactory score on a standardized test do not receive academic credit and may need to earn additional credit to meet degree requirements.
4. Complete MATH 151 Intermediate Algebra* or a MATH course numbered higher than 151.

*Intermediate Algebra is recommended for students planning to transfer to a four year institution.

APPLIED SCIENCE AND ENGINEERING TECHNOLOGY STUDENTS – MATH 119 (Elementary Technical Mathematics) and 124 (Technical Mathematics II) are recommended for students whose goal is to complete the associate of applied science degree and seek employment.
MATH 157 (College Algebra) and MATH 159 (Trigonometry and Analytical Geometry) are recommended for students interested in transferring to a four-year institution. Other MATH courses may be selected for transfer depending on the student’s choice of transfer institution. Students interested in transfer are encouraged to seek the assistance of a faculty advisor or admissions counselor.

Requirements for the Associate of Fine Arts Degree (AFA)

To earn the associate of fine arts degree, the student must successfully complete courses from the following areas to meet the minimum general education distribution requirements:

Written Communication – 3 Semester Hours

To meet this distribution requirement, the student must successfully complete English 101 or 151.

Mathematics

To meet this distribution requirement, the student must successfully complete one MATH course numbered 092, 124 or higher or BSMTH 101, or achieve a satisfactory score on an achievement test.

Social Science – 6 Semester Hours

To meet this distribution requirement, the student must successfully complete Political Science 151 and one additional course selected from the subject areas listed below:

- Anthropology
- Economics
- Geography (except 151)
- History
- Political science (except 151)
- Psychology
- Social work
- Sociology
- Criminal justice

Science* – 4 Semester Hours

To meet this distribution requirement, the student must successfully complete one course selected from the subjects listed below:

- Astronomy 151
- Biology 151, 152, 154, 155 or 157
- Chemistry 150, 151 or 160
- Earth Science 151
- Geography 151
- Physical Science 151
- Physics 101, 151 or 251

Computer Skills

To meet this distribution requirement, the student must successfully complete one course selected from BMGT 160, CIS 130, MDTC 160, WPR 102 or achieve a satisfactory score on the Computer Skills Assessment.

Humanities – 6 Semester Hours

To meet this distribution requirement, the student must successfully complete courses selected from two different subject areas listed below:

- Art
- Communications
- English (except English 101 and 151)
- Foreign language
- Humanities
- Journalism
- Music
- Philosophy
- Speech or theater

Area of Specialization – 32 Semester Hours

The student must successfully complete one of the art curricula that reflects a high degree of specialization.

*It is strongly recommended that students select a science course with a scheduled laboratory period.
