

REAL ESTATE | HOME INSPECTION | SKILLED TRADES ●●●

Fundamentals of Landlording

A difficult selling market and low purchase prices create more landlords every day, and managing rentals is generally not an inherent ability. Many landlords are being managed by, instead of managing, their renters. This course looks at landlording in a structured way, spotlighting your responsibilities through federal, state and local laws, as well as helping you decide whether or not to be a landlord. CEUs: .5

RELST 733-81 ❄️

\$39 (Senior Fee \$19.50)

Tuesdays Mar. 13 & 20

6 - 8:15 p.m. Z 271

Dashner

Real Estate Fundamentals

Prepare for the Michigan Real Estate Exam, administered by AMP (Applied Management Professionals). The course also serves as an excellent survey of the laws affecting real estate transactions for investors and those desiring a more thorough knowledge of the subject. Topics include real estate laws, rules and regulations, contracts, financing, ownership, brokerage, valuation and fair housing. This course is state-licensed for 40 hours of instruction and is open to the general public. **Note: You must complete the 40 hours of instruction and pass the final exam in order to receive a passing grade for the class.** Cost includes text and materials. CEUs: 4.0

Home Inspection Certificate Course (online)

Do you want a career that doesn't have you chained to a desk all day? Are you looking for something that you can do part-time or to supplement your income? If you are a good communicator, enjoy working with people, and have good mechanical and technical aptitude, a career as a home inspector may be right for you.

This course is endorsed by the American Society of Home Inspectors. This 10-course program provides you with the technical skills and expertise required to conduct visual examinations and deliver written reports on the physical and operational condition of homes or housing units. Each of the 10 courses will require a minimum of 42 contact hours of study. Exercises and practical quizzes allow you to check your progress. Each module will have instructor support and can be taken in any order you choose.

The cost of each course is \$395 (Senior Fee \$332.50) and includes books and materials.

Course topics include:

- Air Conditioning/Heating
- Plumbing
- Exterior
- Electrical
- Structure
- Heating I
- Heating II
- Insulation and Interior
- Roofing
- Communication and Professional
