FOR IMMEDIATE RELEASE

X-TECH TO HIGHLIGHT CAREERS IN INDUSTRIAL TECHNOLOGY

MONROE, Mich. – Monroe County Community College will once again present X-TECH – an opportunity for career exploration in industrial technology.

This year's event will take place on Thursday, Oct. 25 from 4 p.m. to 8 p.m.

The event will take place in the East and West Technology buildings on the Main Campus, which is located at 1555 S. Raisinville Road.

X-TECH is for high school students and their parents, career-changing adults and all others interested in experiencing what it is like to study and work in the industrial technology fields offered at the college.

Participants will have the chance to weld metals, run state-of-the-art machine tools, control robots, draw with CAD equipment, test steel strength, program electronic equipment and more.

Detailed information on MCCC's new Career Technology Center, which is now under construction and will house current and future industrial technology programming, will also be available at X-TECH.

The event is free for all participants and includes giveaways and refreshments. A scholarship opportunity will also be available.
