FOR IMMEDIATE RELEASE

**MARSHALL TUCKER BAND TO
PLAY AT MCCC'S LA-Z-BOY CENTER**

MONROE, Mich. – The Marshall Tucker Band – the platinum-selling rock group that has influenced the likes of Alabama and Travis Tritt – is set to rock the stage at Monroe County Community College's La-Z-Boy Center on Friday, Feb. 6 at 7:30 p.m.

The band hit the music scene in 1973 with its debut album, "Way Out West!" The album included hits such as "See You Later, I'm Gone" and "Can't You See." In the 41 years since then, The Marshall Tucker Band has recorded 22 studio albums, three DVDs, three live albums and many compilations and been featured on several movie soundtracks.

Some of the bands biggest hits include "Heard it in a Love Song," which reached No. 14 on the Billboard U.S. Chart in 1977, "Fire on the Mountain," and "Last of the Singing Cowboys."

The Marshall Tucker Band moniker came from a piano tuner whose name was found on a key ring in the group's old rehearsal space.

The band's blend of rock, rhythm and blues, jazz, country and gospel represent a time and place in music that may never be duplicated.

The La-Z-Boy Center is located on MCCC's Main Campus at 1555 S. Raisinville Rd.
