

ONLINE COURSE INFORMATION

Fall 2019 Semester

COURSE: PSYCH 151 L1

INSTRUCTOR: M. Grey

General Psychology

EMAIL: mgrey@monroeccc.edu

There are many benefits of online courses at MCCC:

- Less restrictive scheduling
- Convenience
- Intensive self-study
- Course materials are accessible 24 hours a day 7 days a week

Some students struggle in an online format while other students excel. Students who excel in an online format are:

- Highly self-motivated
- Have strong computer skills
- Possess good time management skills
- Know how to study independently
- Possess good communication skills

Online classes at MCCC are **NOT self-paced**. Instruction is delivered in an entirely web-based format. Students must complete exams, assignments, etc. by specified due dates. Some exams and assignments may be required to be completed at an authorized location as established by the instructor.

When taking an online class students are responsible for:

- A reliable computer with Internet access and Microsoft Word; course specific software will be described below
- Knowing how to email attachments
- Maintaining his or her own computer and Internet connection; technical issues are NOT acceptable excuses for not keeping up with due dates
- Having access to a printer if needed for personal use of online materials

It is the student's responsibility to log into Brightspace multiple times each week to keep up with communication, assignments and other coursework.

Brightspace

Online courses use Brightspace course management system as the means of communication between the students and the instructor.

It is the student's responsibility to be able to log into Brightspace and maintain his or her computer setup to work properly with Brightspace.

The Brightspace Login can be found on the College's webpage, www.monroeccc.edu.

Brightspace courses are made available to students on the day the course begins.

Please see the Start Date below.

MCCC Student Email

It is essential that online students use their MCCC student email account. This will be the primary means of email communication between you and your instructor. For more information about activating your MCCC student email account, visit the college's webpage at www.monroeccc.edu.

<p>COURSE DESCRIPTION</p>	<p>This course provides an overview of major subject areas in psychological science. We will explore several areas of psychology in two key ways: by understanding how scientific knowledge and principles are generated and evaluated and by exploring the implications of psychology's findings. Principles of scientific investigation, including scientific theories, hypotheses, methods and evaluating results will be applied to the study of human behavior and experience, spanning content areas ranging from cellular to ecological, including biological psychology, sensation, perception, human development, cognition, learning, motivation, emotion, stress and social processes. We will also apply this knowledge and these skills to psychology and other subjects. The course is designed to prepare students for future psychology classes and to enhance critical thinking skills for other academic studies, for careers and for everyday life.</p> <p>The complete Outline of Instruction can be found at http://www.monroeccc.edu/outlines/.</p>
<p>COURSE BEGINS</p>	<p>Wednesday, August 28, 2019</p>
<p>COURSE ENDS</p>	<p>Monday, December 16, 2019</p>
<p>REGISTRATION PROCESS</p>	<p>Students must register for the course through the College's regular registration process.</p> <p>If you are a first-time online student at MCCC you must complete an online orientation course (ONL-001). You will be automatically enrolled into the online orientation course, which will provide you with critical information on the technical, study, reading and writing skills necessary to be a successful online student. This course will be listed in your MyCourses module in Brightspace and there will be 4 modules to complete. Please note that all four modules will NOT be visible when you first login, but will become visible once you complete the requirements for each module. Please complete FL2019-ONL-001-L1 by August 23, 2019. Failure to complete the online orientation by the above date may result in de-registration from your Fall 2019 online course.</p>
<p>PROCTORED EXAMS OR ASSIGNMENTS</p>	<p>None, all coursework is completed online.</p>
<p>ADDITIONAL INFORMATION: PROCTORED EXAMS OR ASSIGNMENTS</p>	<p>Some online classes require students to take exams at authorized, proctored locations. Test proctoring centers are authorized testing locations where a staff person administers a test or assignment. If students are not able to arrange transportation to MCCC's main campus for testing, a proctored test site must be arranged. Students near the MCCC campus can take the test in the Regional Computer Technology Center (RCTC). Additional information on the RCTC can be found at http://www.monroeccc.edu/rctc/index.htm. It is the student's responsibility to make arrangements for proctoring with his or her</p>

instructor. Students should also be aware that some testing sites have service fees, which are the responsibility of the student.

COURSE MATERIALS AND TEXTBOOK INFORMATION

Textbook information can be found on the MCCC Bookstore's webpage, <http://www.monroeccc.edu/bookstore/>. Textbook information is posted approximately one month prior to the beginning of the semester.

IMPORTANT: Make sure when identifying which course you are enrolled in, you get the materials for the ONLINE version of the course. Online course materials are not necessarily the same materials for the face-to-face class.

Please contact the MCCC Bookstore for additional information, 734.384.4140.

COURSE EXPECTATIONS

The online course has deadlines and online assignments due throughout the semester. Students should anticipate reading, studying, and completing assignments requiring a minimum of **9-12** hours per week. Students must submit all assignments as Word documents. In addition, students will be expected to participate in discussion boards on various topics throughout the semester. There will also be on-line, timed quizzes and exams, and some of these are only available on particular days. Please check the course schedule for exam days.

BRIGHTSPACE SYSTEM REQUIREMENTS
