Construction Documents and Law
Outline of Instruction

Course Information
Project Type: Course
Organization: Monroe County Community College, Applied Science and Engineering Technology
Development Date: 2/3/2009
Course Number: CONM 242
Potential Hours of Instruction: 45
Total Credits: 3

Description
This course will examine the relationship between the construction contract documents and the construction process. The focus will be on the rights, duties, and responsibilities of the owners, contractors, and suppliers. Topics covered include: standard document forms, specifications, bonding, insurance, claims, disputes and payments. Legal issues and disputes resulting from changing conditions, delays, changes to work and differing site conditions are also explored.

Major Units
1. Contract document system
2. General conditions
3. Specifications
4. Bonds
5. Insurance
6. Changes to work
7. Schedule delays
8. Claims
9. Payments
10. Project closeout
