# Course Outcome Summary

**Required Program Core Course**

**ART 151 Art Fundamentals**

## Course Information

<b>Division</b>	Humanities/Social Sciences
<b>Contact Hours</b>	90
<b>Total Credits</b>	3

## Prerequisites

RDG 090 and ENGL 090 or qualifying scores on accepted placement tests.

## Course Description

This is an introductory course for all art students, especially those who are interested in taking a basic art class. The student will be exposed to the elements of two-dimensional form structure, the principles of organization, art terminology, materials and techniques and forms of artistic expression.

**This course is a required core course for students pursuing an AFA in Fine Arts**

## Program Outcomes Addressed by this Course:

Upon successful completion of this course, students should be able to meet the program outcomes listed below:

- A. Identify major artists, art movements, and important art works from prehistory through the contemporary periods and understand the underlying causes of style changes to those periods. (history)
- B. Understand the visualization process of translating three-dimensional space and form onto a two-dimensional format, develop competence in using dry media techniques and demonstrate a sense of craftsmanship in the end product. (drawing)
- D. Develop competence in the application of various water media, understand the vocabulary of painting and recognize and identify various painting techniques to produce a finished product that demonstrates craftsmanship and presentation. (painting)
- E. Identify the three components of art, understand the vocabulary of art, the vocabulary of two-dimensional design and utilize design strategies and techniques to produce a product that demonstrates craftsmanship and presentation. (design)
- F. Discover the creative process and how it can be applied to everyday life, develop technical skill in various media and explore the world of aesthetics. (personal enrichment)

## Course Outcomes

In order to evidence success in this course, the students will be able to:
