

PROCEDURES ON STUDENT ASSESSMENT

The College Board's Accuplacer assessment measures a student's ability in English, mathematics, and reading. Students, as defined below, must complete the assessment or provide Scholastic Aptitude Test (SAT) scores of 470 or higher in English and reading.

1. Accuplacer is required of all new and transfer students who have earned fewer than 12 semester hours from another college or those who have not met the SAT criteria.

2. Any student who scores 54 to 64 on Accuplacer reading must successfully complete Reading 090 (grade of H) prior to enrolling in most College courses. Students who score 54 and below on the reading portion of Accuplacer must successfully improve their reading skills to achieve the minimum score required for placement into Reading 090.

Students who score 54 and below on Accuplacer reading should consult with a counselor or an academic advisor and begin planning the steps necessary to improve their reading skills.

Any student who scores 60-70 on Accuplacer sentence skills must successfully complete English 090 (grade of H) prior to enrolling in most College courses. Students who score ~~34~~ 59 and below on the writing portion of Accuplacer must successfully improve their writing skills to achieve the minimum score required for placement into English 090.

Any student wishing to appeal the procedure for the writing placement may take a writing assessment given by the Humanities/Social Sciences Division.

Students who score 59 and below on Accuplacer writing should consult with a counselor or an academic advisor and begin planning the steps necessary to improve their writing skills.

Any student who receives a scaled score of 69 or below on Accuplacer Arithmetic, must successfully complete Basic Mathematics Skills MATH 090(grade of H)prior to enrollment in Business Math (BSMTH 101), Elementary Technical Mathematics (MATH 119), Mathematics for Allied Health (MATH 125) or Beginning Algebra (MATH 092). Placement in all other mathematics courses will require completion of the listed prerequisites or minimum scores listed below:

Mathematics for Business(MATH 126), Technical Mathematics II(MATH 124), Intermediate Algebra(MATH 151): 54 on Accuplacer Elementary Algebra.

Math for Elementary Teachers I (MATH 156), College Algebra (MATH 157), Introduction to Statistics (MATH 162), Precalculus (MATH 164): 76 on on Accuplacer Elementary Algebra (SAT 580).

Calculus I (MATH 171): 80+ on Accuplacer College Algebra (or SAT Math 630).

Any student wishing to appeal this procedure may take a mathematics test administered by the Science/Mathematics Division.

3. Students who score below specified minimums for reading, writing, and/or mathematics are strongly encouraged to enroll in COLL 145, College Skills.

4. Exceptions to this procedure must be approved by the Vice President of Student and Information Services or his/her designee.
