Narrative:

On this date, the shown Victim/Complainant contacted this reporting officer about a theft that took place a couple of hours prior. The victim related, that he uses the locker room when working out in the weight room. It's been his habit to store his street clothing and personal property in unsecured lockers for the past year when he comes to work out. Today he placed his clothing with his wallet in his pocket in a locker. It was unattended from 10:30 a.m. until the discovery of the theft by the listed victim around 11:30 a.m. This victim feels at this time, the only things missing would be his Monroe County Credit Union Debit Card and \$35 cash.

The credit union was contacted and it was learned that a transaction had already taken place with the card in which \$338 had been spent, at the Monroe Meier Store. The victim reported the card stolen to the credit union and no other activity was known. The victim also was to make a report with MCSO after he leaves campus.

Witness listed is the student asst. who works the weight room and signs in users.

During the victim's hour of usage only 3 others had signed in. Out of them, only the shown suspect was thought to have used the shower room. It's believed the deputy could review the Meier transaction in which the stolen card was used to see if the suspect is our man.
