Course Description

This course is designed for students interested in an introduction to the world of work by providing on-the-job experience which is related to the student's program of study. In this course, the student searches independently, with assistance from faculty, for a position related to the student's program of study to complete 440 clock hours of a specified project or objectives. Once the student has secured a site, the student will be supervised and evaluated under the direction of a faculty member to insure a meaningful internship experience.

Course Outcomes

In order to evidence success in this course, students will be able to:

- 1. Communicates both orally and in writing: intern uses proper English, grammar, spelling, and punctuation.
- 2. Understands management of resources: intern understands the importance of resource management and allocation. Completes tasks on time.
- 3. Identifies and applies general employment principles: intern exhibits knowledge of ethical behavior, critical thinking skills and good decision making skills.
- 4. Exhibits a professional demeanor: the intern is dependable; understands the importance of accountability and responsibility; is punctual, and demonstrates the ability to cooperate with peers, supervisors, and administrators. Intern is attired properly and exhibits good grooming.
- 5. Demonstrates computer competency appropriate for the tasks of the internship.
- 6. Works individually and collaboratively.
- 7. Employed knowledge skill set: the intern demonstrated the ability to apply classroom concepts to the internship in an appropriate manner.
