# PERSONAL ENRICHMENT

## The MCCC Makerspace for Exploration and Creation

*The MCCC Makerspace is a resource and gathering place where the community can come together to share skills and equipment while imagining, exploring, creating and designing with people of shared and diverse interests. You'll have access to the information, tools, software and space you need to learn, invent, make and repair. We can help you bring your ideas from concept to reality. We have curated the following workshops you can attend this semester and create in our Makerspace.*

### Create a Personalized Cutting Board

Create your own personalized cutting board to display your charcuterie spread. You will create your own laser-etched board (included in the cost of the class) with guidance from Michael Reaume, our Makerspace coordinator. You may bring your own cutting board as long as it is new/unused and is not bigger than 24"x18". You may bring your own design for your board, or you can select from samples we will have available for you.

**\$69 (Senior Fee \$42.50)**

**Wed. Feb 26**  
**6 – 9 p.m. T 160 Reaume**

### Electronics/Soldering Workshop

Up to 10 participants will learn how to identify, read and measure basic electronic components such as resistors and capacitors, as well as learn their basic functions. You'll also learn to solder during the assembly of two hands-on projects, including a small AM/FM radio or a digital alarm clock, which you will get to take home and keep.

**\$59 (Senior Fee \$41.50)**

**Wednesday Mar. 19**  
**5 – 8 p.m. T 160 Reaume**

### Build Your Own Guitar Pedal

Building your own guitar pedal will be fun and rewarding. You'll experience pride in playing using something you built yourself, especially when it gets you closer to the elusive tone of the superstars and legends. Similar to our Electronics/Soldering Workshop, this workshop involves a lot of soldering and a bit more use of hand tools. The kit to build the pedal is included in the

cost and is yours to keep at the end!

**\$155 (Senior Fee \$128.50)**

**Wednesdays Apr. 16 & 23**  
**5 – 8 p.m. T 160 Reaume**

Art

**NEW!**

## Acrylic Printing

National and international award-winning artist David Larkins will show you how to paint professional-looking art. Together, the class will paint two landscape acrylic paintings, learning glazing, composition, color theory, linear and atmospheric perspective, and how to present your finished masterpiece. Also included is how to use value in a painting and proper framing and photography of artwork. At the end of class, you will have artwork ready for public display and sale. A material list of the required supplies will be furnished upon registration.

**\$149 (Senior Fee \$89.50)**

**Wednesdays Feb. 19 – Mar. 26**  
**5:30 – 8 p.m. F 126 Larkins**

### About the Instructor:

David Larkins is a native of Monroe and an alumnus of MCCC. He won his first Best of Show award at 16 and continued to refine his artistic talents throughout his 34-year career as a graphic illustrator for Ford Motor Company. His work has been featured at five solo exhibitions in Michigan and Ohio and juried exhibitions include seven years of "The Best of America Exhibit," Toledo Museum of Art, The Butler Institute of American Art, and published work in "The Artist Magazine." He also has exhibited at many fine art fairs, such as the Ann Arbor Summer Art Fair and the Krasl Art on the Bluff, is an honorary lifetime member of the Monroe Art League and a former member of the Monroe Fine Art Fair committee. Samples of his work can be found on Facebook at "David Larkins Art Studio" or at [www.absolutearts.com/portfolios/d/davidlarkins](http://www.absolutearts.com/portfolios/d/davidlarkins).

## Monthly Art Sessions at the Whitman Center in Temperance

### Mindful Morning Art

Do you need a mental break? Try some mindful art! Expressing yourself through artistic and creative activities is like a prescription for your mental health. Studies have shown that creativity can relieve stress, anxiety, shame, anger, depression and trauma. During these sessions we will spend our time together exploring various techniques through process-based art to help you tap into a mindful meditative state. Don't worry if you are not an artist; we all have the ability to expand our creativity and express ourselves. It's about the process not the product!

Sign up for monthly workshops as listed below. You can attend just one session or all three! Cost is \$59 per workshop (Senior Fee \$36.50).

**Sec. 1: Monday, Feb. 17 10 a.m. – Noon WC 10 Sansom**  
**Sec. 2: Monday, Mar. 24 10 a.m. – Noon WC 10 Sansom**  
**Sec. 3: Monday, Apr. 28 10 a.m. – Noon WC 10 Sansom**

# HEALTH & FITNESS

## Tae Kwon Do

Tae kwon do is a dynamic blend of self-defense and athleticism. Students learn practical self-defense tactics for any age and size, yet are also encouraged to go beyond obvious physical limitations. Tae kwon do borrows from Japanese/Okinawan karate styles and encompasses basic kicks, punches, and strikes; it also borrows from Chinese kung fu styles incorporating high kicks, jump kicks and spin kicks.

Tae kwon do emphasizes mental and physical discipline, as well as a variety of values. You will learn the five tenets of TKD, gain valuable social skills, self-defense skills, focus, discipline and confidence. You can also increase flexibility and improve your fitness.

Our school philosophy is Min Me Ryu which means that you will leave this class a better person than when you entered.

### The Five Tenets of Tae Kwon Do

Courtesy, integrity, perseverance, self-control and indomitable spirit

### VR Technology

We use virtual reality technology to better serve those who cannot withstand the demands of regular physical contact. Through a simulated fight game, these students can practice footwork and learn to move out of the way of a potential attack without the risk of actually being hit and compromising their health.

### Our Instructors

Our classes are co-taught by Mark Bergmooser, a 5th-degree black belt and Frank Stasa, a 4th-degree black belt.

### Testing

You will have the opportunity to test and earn a series of belts. We test on campus each semester in order for students to advance in a scheduled manner.

### Enrollment

Open to students age 10 and older.

### Tae Kwon Do Private Lessons

We provide private one-on-one lessons to our enrolled TKD students. You can enhance your technique, prepare for a belt test, or help yourself feel more confident in our group classes.

Tae kwon do private lessons are available to students who are currently enrolled in the regular TKD classes. You may register for as many private lessons as you wish. Lessons are scheduled between the instructor and student and should be completed prior to the end of the semester or by the date determined by the instructor. There are no senior discounts for private lessons.

**Cost is \$35 per private lesson.**

## CrossFit

CrossFit is a core strength and conditioning program. Our CrossFit course is a group training that will keep you motivated and working hard while working with a coach to keep you safe and injury-free. Each day, we will customize for you a challenging workout that combines the best of all fitness methods, grounded in exercise science. Our coaches are trained, educated and certified to lead group classes and they know how to keep you safe while helping you reach your potential. You'll gain a network of people to connect with about your progress and goals and get lifestyle advice from other class members. When you exercise alone, coming to the gym can feel like a chore. Group workouts are lively and exciting and may even help you look forward to exercising. You will continuously improve with our varied routines, and everyone around you will notice.

## Older Adult Functional Fitness (55+)

A fitness class utilizing weightlifting, cardio and bodyweight movements to improve the overall fitness level and abilities for the older adult. Classes may have components similar to a "CrossFit" style class, but with the programming and intensity appropriately tailored for the older adult.

## Mommy & Me

A fitness class for moms and their little ones, ages infant to school age. The class will utilize weightlifting, cardio and bodyweight movements with programming appropriate to be performed with little ones participating or hanging out in the stroller!

## Pregnancy & Postpartum Fitness

A fitness class with special consideration and guidance on fitness during these chapters, including specific considerations of core and pelvic health with the changing body.

For more information on these courses, visit [www.monroeccc.augustsoft.net](http://www.monroeccc.augustsoft.net) or call us at 734-384-4127.

## Mindful Movement Yoga

### Yoga

Yoga is an ancient practice of mindfulness and connection. In an hour class, students will be led through various poses in a slow, dynamic way to cultivate more flexibility, strength and balance in their bodies. Breathing and meditation practices will also be incorporated to help calm the mind and release stress. Multiple levels will be shown in each class. Please inform your teacher of any ailments or limitations that you may have that would restrict your practice. Required materials: yoga mat, hand towel. Optional materials: yoga block.

## Introduction to Pickleball

Pickleball is America's fastest-growing sport, and MCCC has six indoor courts in its gymnasium where you can play. Learn this fun and social sport, designed for all ages, from experienced pickleball players. You will learn the rules of the game, scoring and techniques including service, returns, dinks and more. Dress to play the game, including gym shoes. If you do not have your own equipment, we have paddles and balls available for use during class. By the end of the fourth session, you will be prepared to participate in our open pickleball sessions.

## Personal Fitness

## Personal Fitness Trainer Certification Course - Hybrid (virtual lectures and in-person practical skills labs)

This hybrid course includes virtual lectures plus in-person practical skills lab on campus. Get all the information needed to start an exciting fitness career and become a Certified Personal Trainer. Turn your fitness passion into a profession. The scheduled virtual live lectures are led by our five-star teacher. Topics will cover 15 hours on anatomy, exercise physiology, kinesiology, biomechanics, nutrition and more. The in-person practical skill labs allow you to role play and review essential hands-on skills to master assessing clients, stretching, warm ups/cool downs, exercise analysis and programming design. Upon successful completion of the course, you are eligible to sit for the exam to become a W.I.T.S. Certified Personal Trainer—Level 1.

The course includes the national test vouchers (\$450 value) and extra access to our online video enhanced CPT course to review lectures and labs at no extra cost! The W.I.T.S. 30-hour optional employer internship (Level 2 Certification) helps walk you to jobs that very much value our unique certification. To earn your Level 2 certification, you must complete a 30-hour employer internship. W.I.T.S. will assist in this step.

**Required Textbook:** (sold separately): Fitness Professional's Handbook 8th Edition With HK Propel Access (ISBN: 9781718217829), list price is \$109. Please use the links below to purchase your book for the Personal Trainer Certification course:

# MOTORCYCLE SAFETY

The Detroit Metro Motorcycle Safety Consortium offers comprehensive, hands-on education and training in a safe and comfortable environment. We have trained over 91,700 students since the consortium was founded in 1999. Our classes are taught by professional, certified instructors who not only have a passion for riding but riding safety. We strive—first and foremost—to improve the safety of motorcyclists on our roads. Our courses are conducted with earmarked funds, funded by motorcyclists, and administered through a grant from the Michigan Department of State.

## Riding Gear & Supply Requirements

- Driver's license
- DOT-certified helmet
- Long-sleeved jacket or shirt
- Heavy-duty long pants
- Eye protection (goggles or glasses)
- Full-fingered gloves
- Boots that cover the ankle and have a hard sole
- Rain gear
- Cold-weather gear
- Pen or pencil

## Additional Requirements

**Age:** Students under the age of 18 are allowed to take the BRC or BRC2 starting at age 15 if they have a graduated driver's license. A parent or legal guardian must accompany the student on the first day of class. A signature from a parent or guardian will be required for the course waiver.  
**Availability:** You must be available and on time for each scheduled session or you will be denied admission.

## Class Offerings

### Basic RiderCourse (BRC) – Web Enhanced | Beginning Riders

Designed for the novice rider to learn from scratch on our training motorcycles and obtain a license endorsement. Focus is on the development of basic riding skills such as: clutch and throttle coordination, straight-line, braking, turning and shifting. Training motorcycles are provided. Privately owned motorcycles are NOT permitted. Prerequisites include the ability to ride a bicycle and a valid email address on file with the college. You must complete the MSF ePackage 1 eCourse (online component) and bring the certificate of completion to the first in-person session. The link to the eCourse will be provided by the college. Instruction consists of approximately 16 total hours; 5 hours of online preparation and 11 hours of hands-on training.

### Basic RiderCourse 2 (BRC2) | Experienced Riders

Designed for the experienced rider to refresh skill on their personal motorcycle and obtain a license endorsement. This course is NOT for beginning riders. Students must demonstrate competency with basic operational skills and pass the Level 1 written test during the screening exercises in order to continue in the course. Topics include: speed control, braking and stopping, counter steering, cornering, hazard avoidance and other techniques necessary for the experienced rider to operate a motorcycle skillfully and safely. Each student must provide their own motorcycle and riding gear. Sharing is not allowed. Scooters will be allowed in this course. The cycle must be titled, properly registered and display a valid license plate. You must also provide proof of insurance. Successful completion allows a student to waive the Secretary of State written and riding skills tests.

## Home Inspection Certificate Course (Online)

Home inspection is a rewarding professional consulting career — both financially and personally. It is one of those amazing professions in which you get to make a positive difference in people’s lives. Do you think you have what it takes to become a home inspector?

**THE PREREQUISITES** You do not need a background in construction to be a successful home inspector. You can learn the skills of home inspection through a good education program. You need to be able to speak with homebuyers, sellers and owners, and real estate professionals. You need to be able to write at a high school level. You need to be comfortable with technology, and be able to climb a ladder and crawl in crawlspaces. You need training and experience specific to the profession.

This 10-course program provides you with the technical skills and expertise required to conduct visual examinations and deliver written reports on the physical and operational condition of homes or housing units. Each of the 10 courses will require a minimum of 42 contact hours of study. Exercises and practical quizzes allow you to check your progress. Each module will have instructor support and can be taken in any order you choose. Upon successfully completing the course, you will earn a certificate from MCCC. You will also be qualified to sit for the National Home Inspector exam.

The individual online courses include:

- Roofing
- Structure
- Electrical
- Heating I
- Heating II
- Air Conditioning and Heat Pumps
- Plumbing
- Exterior
- Insulation and Interiors
- Communication and Professional Practice

**Cost is \$395 per course.** Includes all learning materials, test, exams, tutor support and ongoing support after you complete the course.

## Paralegal Training Courses

MCCC has partnered with the Center for Legal Studies to deliver paralegal training programs in an online format. The curriculum is continuously updated to remain current and on-pace with the newest trends in the legal industry and is taught by experienced legal professionals. CLS courses are designed for adult students and are taught on a college level. Minimum requirements to take any of our courses are a high school diploma or GED. You must be 18 years of age prior to enrollment.

**Paralegal Career:** Paralegals provide essential assistance to lawyers, corporations and other organizations and have established themselves as a crucial part of the legal system. Whether you are just starting your paralegal education, or are looking to advance your knowledge, we have a course for you. We offer the following core courses to you, as well as additional topics to further advance your career and add credentials to your resume.

## Paralegal Certificate Course®

Our flagship introductory course is the first step toward your paralegal career. Our Paralegal Certificate Course® teaches students the in-demand skills necessary to perform a variety of paralegal tasks. This continuing legal education course is a valuable asset for paralegal professionals looking to advance their career, grow professionally, increase their earning potential and gain job-ready skills. Students have 14 weeks to complete the online course (7 weeks for Paralegal I and 7 weeks for Paralegal II). Please note that the course fee covers both halves of the course. You may choose any session to begin the course with Paralegal I and you will be automatically enrolled in the following sessions for Paralegal II. You must complete both Paralegal I and Paralegal II to be awarded a certificate. Course includes two, seven-week sessions that must be taken consecutively.

### Bloodborne Pathogens and Bio Hazard Cleanup

It's the law! Any employee who works with or around hazardous chemicals has the "right to know" about the hazards which those chemicals may present. Do you know exactly what a "blood-borne pathogen" is. Knowledge of some simple procedures can protect you from becoming a victim of diseases transmitted by blood. Blood-borne pathogens training is important to anyone who might come into contact with human blood or body fluids in the course of their daily activities. Federal regulations require that persons who may have a chance for exposure are required to be trained yearly. Students will review state and federal regulations, precautions and controls to prevent contamination, vaccination programs, post-exposure treatment, monitoring programs, and recordkeeping. Selection and use of personal protective equipment and cleanup techniques are demonstrated. A written examination and a practical skills demonstration are required for successful completion.

## Dental Assisting Program

**Entry Level • Clinical Practice • 60 classroom hours + 40 clinical hours • Externship included!**

The Dental Assisting program prepares you for entry-level positions in one of the fastest growing healthcare professions. With the national increase in healthcare-related services and the national shortage of healthcare professionals, the need for dental assistants is growing substantially. With a growing workforce over 300,000 strong, a career in dental assisting ranks as the fourth-fastest growing occupations in the healthcare technician field.

The program prepares learners for entry-level positions as a chair-side dental assistant. This program covers the history of dentistry, introduction to the dental office, the legal aspects of dentistry, introduction to oral anatomy, dental operator, introduction to tooth structure (primary and permanent teeth), the oral cavity and other areas. The purpose of this program is to familiarize learners with all areas of administrative and clinical dental assisting, focusing on the responsibilities required to function as an assistant in a dental practice. CEUs: 6.0

**Externship Opportunity.** Learners who complete this program are eligible to participate in an optional volunteer externship opportunity. Note: Additional documentation including health records, immunizations, drug-screening, criminal background checks, etc. may be required by the externship facility.

**The externship is required with the Michigan Achievement Skills Scholarship. See page 20 for more information.**

Please contact the Office of Workforce Development at 734-384-4229 with questions regarding all Career & Workforce Training classes.

## Pharmacy Technician Certification Program

**Entry Level • Clinical Practice • 50 classroom hours + 80 clinical hours • Externship included!**

The need for pharmacy technicians continues to grow, with demand expected to increase an average of 4 percent annually through 2029. Technicians work under the supervision of a registered pharmacist in hospitals, home infusion pharmacies, community pharmacies and other healthcare settings. This high demand for pharmacy technicians is the result of a multitude of factors, including the constant availability of new drugs, the national shortage of registered pharmacists, the establishment of certified pharmacy technicians and the aging population.

This comprehensive course will prepare learners to enter the pharmacy field and take the Pharmacy Technician Certification Board's (PTCB) exam. Content includes pharmacy medical terminology, reading and interpreting prescriptions, and defining generic and brand name drugs and much, much more. This program will prepare students to enter the pharmacy field and to pursue certification. CEUs: 5.0

**Externship Opportunity.** Learners who complete this program are eligible to participate in an optional volunteer externship opportunity. Note: Additional documentation including health records, immunizations, drug-screening, criminal background checks, etc. may be required by the externship facility.

**The externship is required with the Michigan Achievement Skills Scholarship. See page 20 for more information.**

## Clinical Medical Assistant Program

**Entry Level • Clinical Practice • 140 classroom hours + 160 clinical hours • Externship included!**

The Clinical Medical Assistant program is designed to prepare students to function as professionals in multiple healthcare settings. Medical assistants with a clinical background perform various clinical tasks, including assisting with the administration of medications and with minor procedures, performing an EKG electrocardiogram, obtaining laboratory specimens for testing, educating patients and other related tasks. Job opportunities are prevalent with physician's offices, clinics, chiropractor's offices, hospitals and outpatient facilities.

This program prepares learners to assist physicians by performing functions related to the clinical aspects of a medical office. Instruction includes preparing patients for examination and treatment, routine laboratory procedures, pharmacology, taking and documenting vital signs, technical aspects of phlebotomy, the 12-lead EKG and the cardiac life cycle. CEUs: 14.0

**Externship Opportunity.** Learners who complete this program are eligible to participate in an optional volunteer externship opportunity. Note: Additional documentation, including health records, immunizations, drug-screening, criminal background checks, etc. may be required by the externship facility.

### MISSION

Monroe County Community College enriches lives in our community by providing opportunity through student-focused, affordable, quality higher education and other learning experiences.

### VISION

Monroe County Community College will be recognized for our student-focused service, academic excellence, affordability, innovation, community responsiveness and student success.

Monroe County Community College is an equal opportunity institution and adheres to a policy that no employee or qualified person participating in a college-sponsored program, service or activity shall be discriminated against or harassed on the basis of race, national origin, color, sex, protected disability, religion, age, height, weight, marital status, familial status, partisan considerations, veteran status, genetic information or any other status protected by law. Sex-based discrimination includes, but is not limited to, discrimination based on sexual orientation, gender identity, gender expression, sex characteristics and pregnancy. Inquiries concerning the complaint/grievance procedure related to sex discrimination, including sexual harassment and sexual assault, should be addressed to one of the two MCCC Title IX coordinators or to the Office for Civil Rights. Cases of alleged harassment between students should be forwarded to the vice president of enrollment management and student success. All other inquiries concerning the complaint procedure, Affirmative Action Plan, or compliance with federal and state laws and guidelines should be addressed to the MCCC Equal Opportunity Officer or to the Office for Civil Rights. The college's Equal Opportunity officer and Section 504/ADA coordinator and compliance officer for discrimination and harassment is: Executive Director of Human Resources, Monroe County Community College, 1555 South Raisinville Rd., Monroe, Michigan 48161, phone (734) 384-4245.
