| COURSE BEGINS   | Wednesday, August 21 2024  |
| COURSE ENDS   | Monday, December 9, 2024   |
| Registration<br>Process                               | Students must register for the course through the College's regular registration process.<br>If you are a first-time online student at MCCC you must complete an online orientation course (ONL-001). You will be automatically enrolled into the online orientation course, which will provide you with critical information on the technical, study, reading and writing skills necessary to be a successful online student. This course will be listed in your MyCourses module in Brightspace and there will be 4 modules to complete. Please note that all four modules will NOT be visible when you first login, but will become visible once you complete the requirements for each module. Please complete <b>FL2024-ONL-001-L1 by August 21</b> . Failure to complete the online orientation by the above date may result in <u>de-registration from your online course</u> .   |
| EXAMS OR<br>ASSIGNMENTS                               | All exams and assignments will be completed online.  |
| Additional<br>Information:<br>Exams or<br>Assignments | Some online classes require students to take exams at authorized, proctored locations. Test proctoring centers are authorized testing locations where a staff person administers a test or assignment. If students are not able to arrange transportation to MCCC's main campus for testing, a proctored test site must be arranged. Students near the MCCC campus can take the test in the Testing Center. Additional information on the Testing Center can be found at <a href="https://www.monroeccc.edu/testing">https://www.monroeccc.edu/testing</a> . It is the student's responsibility to make arrangements for proctoring with his or her instructor. Students should also be aware that some testing sites have service fees, which are the responsibility of the student. MCCC students completing online quizzes/tests or other assessment activities from home or other remote locations may be required to complete a room scan before the assessment activity. Students seeking an alternative to the pre-assessment room scan should contact MCCC Student Services at 734.384.4255 for more information regarding on-campus assessment options. |
